1999 CAD 18 - \$84,500

1-888-279-4227

Chassis Specifications:

Year: 1999
Make: Peterbilt
Model: 357
Miles: 95,072
Hours: 4660
VIN: 1NPAXAOX6XD4730368
Engine: CAT 3306
Transmission: Eaton 10-Speed
Axle Weights: Front – 20,000, Driver – 46,000, Tag – 10,000
Tire Size: Front – 425 65R22.5, Driver – 425 65R22.5, Tag – 255/70R22.5
Suspension: Air
Wheels: Alum
Tire Tread: 50%
Wheel Base: 230"
GVW: 60,000

Slinger Specifications:

Year: 1999
Make: CAD
Model: 18
Options: Chassis Ground Drive Steering, operated at rear of truck. Gated Box, Electric Tarp, Scratcher.

Summary: This is a nice looking unit. It is the old style gated box, but has been kept in good condition. The truck has less than 100,000 miles and runs great. The truck can be moved around and steered while standing at the back of truck. This makes it very handy to move the truck without climbing in and out of the cab. As with all of this style of unit, the range is limited to 60 feet or so and the products that work best are 1" and smaller gravel or sand. But for most jobs around constructions sites, this truck will work just fine for many more years.
